## Calsonic Kansei to Exhibit at 2015 Automotive Engineering Exposition

Calsonic Kansei Corporation (Headquarters: Kita-ku, Saitama City, Saitama; President and CEO: Hiroshi Moriya) will participate as an exhibitor in the 2015 Automotive Engineering Exposition to be held from May 20 to 22 at Pacifico Yokohama in Kanagawa, Japan.

Calsonic Kansei develops products and technologies in line with its Corporate Vision of being “A global automotive company, inspired to be world-leading in innovation and *Monozukuri*, while contributing to a sustainable society.” At the 2015 Automotive Engineering Exposition, the company will exhibit specific system solutions that address two key themes, “Green & Comfort,” introducing initiatives for achieving higher levels of both comfort and environmental performance.

Main exhibits will include:

- Cockpit Module / HMI mockup
- Thermal Management System mockup
- EV Energy Management System mockup
- VG (Vortex Generator) fin visualization display

Calsonic Kansei looks forward to seeing you at the 2015 Automotive Engineering Exposition.
